

Fall 2019, Projects in Programming Participation Rubric

**Please mark one response for each question below:*

I have attended class: (unless excused for religious observance / serious illness only)	<input type="checkbox"/>	I missed fewer than 2 classes and arrived on time to every class.	<input type="checkbox"/>	I missed between 2 and 4 classes and came late / left early no more than twice.	<input type="checkbox"/>	I missed more than 4 classes and was often late to arrive or early to depart.
I have been present in class:	<input type="checkbox"/>	I paid the utmost attention in ever class. I was never on Insta or catching up on the Yankees game.	<input type="checkbox"/>	I was usually engaged in class, but a few occassions I'd let my mind winder or leave the classroom entirely for a break.	<input type="checkbox"/>	I was often disengaged from the class and usually wan't paying attention / was doing work for other classes.
I have engaged in group-work:	<input type="checkbox"/>	I was always engaged and working to share my knowledge with and learn from my classmates.	<input type="checkbox"/>	I was usually engaged and working with my classmates, but somtimes would check out or leave the room.	<input type="checkbox"/>	I was often disengaged and doing work for other classes.
I have made an effort in my assignments:	<input type="checkbox"/>	I recognized that the only way to truly become proficient in programming is to practice, and gave the utmost effort in completing my assignments.	<input type="checkbox"/>	I spent a reasonable amount of time on my assignments, but on some occassions I would prioritize other work and not spend the proper time on this class.	<input type="checkbox"/>	I rarely, if ever, spent time on my assignments.
I have made an effort in my final project:	<input type="checkbox"/>	I was fully engaged and interested in my final project; I went above and beyond.	<input type="checkbox"/>	I was pretty engaged in my final project but sometimes let my classmates take over the brunt of the work on my final project.	<input type="checkbox"/>	I deferred to my classmates and let them do the majority of the work on my final project.
